

Irish Lung Cancer Nurses Group
Annual Report 2022

Like many of the special interest groups there are challenges in developing and maintaining these groups. Currently the main activity of the group is to organise speakers for the annual conference.

We were delighted to welcome Ms. Noeleen Sheridan, CNM 3 Community Intervention Team. She gave an overview of Advancements in Community Oncology. The session was extremely well evaluated and has increased the profile of the Community Oncology Intervention Team.

I would encourage anyone interested in joining the Lung Special Interest Group, or have any ideas for the future developments to contact me directly at yvonne_gahan@yahoo.com or via our Secretariat info@iano.ie.

Due to time constraints, no competition was advertised this year.

For 2023/2024, we will endeavour to offer a travel bursary to a UK/European Lung Cancer Conference. Details of this competition will be available on our website and social media in due course.
